MEMORANDUM FOR: Director of Finance

FROM: William F. Donnelly [redacted]  
Director of Information Technology

SUBJECT: Your 19 March 1986 Request for Rotational Personnel

*Al*

1. I would like to provide personnel to meet Office of Finance needs in the context of better joint planning. It is as difficult for OIT as for any other office to meet requirements for our services when we have not been involved in planning for their needs.

2. I think it is time for OIT and OF to review our relationship in light of the new standard Corporate Data Base decision. Such a review should include a clear sense of OF requirements across all functions that either OIT supports or that you support internally.

William F. Donnelly [redacted]

*I think we should put a team together at the Deputy Office Chief level and talk out our mutual questions/problems.*
